

## IMPACweb for the IMPAC USER

Time is money.

If you're using the Integrated Menu Planning And Controls program, IMPACweb will save you both!

- Shipping time and costs are eliminated.
- View and print your completed reports with the click of a button
- No more waiting for printing, assembly and shipping. View your **reports the same day** they're created! Print them whenever you need them!
- Have you ever dripped spaghetti sauce on a printed recipe in the kitchen? Now, with IMPACweb, you can print a **clean replacement copy!**
- Have you ever ripped a Production Report? Now you can **get another copy right off the web!**
- Have you ever written notes on the back of your Week at a Glance report? Why not make a new start and **print off a fresh copy!**
- Have you ever lost a page of your order guide? With IMPACweb, when you need just one page, **print just a page!**
- Have you ever misplaced your Diet Spreadsheets? **Don't waste your time** searching -- find them on the web!

## IMPACweb for the HEALTHCARE SPECIALIST

IMPACweb reduces the turnaround time and costs of healthcare report sets.
